### Personalized Access

ISRIA.com is accessible from any computer connected to the internet and to anyone who has personalized username and password. Users receive update's notifications via their personal email address.

\*For 'Information Center Access' and 'Global Access', the access is allowed via the static IP address of your network.

## Our Rate

The rate varies according to the solution you choose and to the number of users.

In case you choose 'Information Center Access' and/or 'Global Access' and if there are 2,000 people within your organization, our basic rate will be calculated according to an average of 2,000 potential users. However and in case you choose the 'Information Center Access', you can re-evaluate the rate with our staff according to the real attendance of your information center or you can opt for a hybrid solution that would combine 'Information Center Access' and 'Personalized Access'.

Large number of users makes you benefit from exceptional rate.

A rate's reduction applies to any 'Personalized Access' from 5 users.

## Your Needs

Our staff is always available to assess your needs. Any inquiry or specificity will be taken into account with great care in order to propose you the best solution.
